BRAVO Stock No. 903

This ID Card product or Integrated Card comes only in a 1-up format. Our BRAVOMagnets are unique ideas for your next marketing campaign. Integrated into a carrier, these magnets can become self mailers with a special message that will probably stay on ones refrigerator or office cabinet for many years to come. All products can be printed duplex although you should test your design to insure it is the look you would like on the back of the clear strip that holds the magnet in place.
